## CHIP LEVEL SERVICE CENTRE

### PREAMBLE

Whereas, DRK Institute of Science & Technology Bowrampet(V), Near Pragathi Nagar Quthbullapur(M), Medchal (Dist), Telangana-500043 at its various departments is charged with responsibility of training scientific manpower in various front-line areas of importance for the Nation and is also contributing to the rapidly growing and professional excellence in Engineering by undertaking Industrial & applied research and consultancy.

### AND

Whereas, Shree Technologies, Chip Level Service Centre, Shop No: 4, 3<sup>rd</sup> Floor, Sreenath Commercial Complex, Opp. Tajmahal Hotel, Patny Center, Secunderabad – 500003, Shree Technologies use to recycle the electronic components by making use of old electronics components to produce new products and it also, dispose the unused E-waste to final recycling at the recyclers end.

Whereas, both DRK Institute of Science & Technology and Shree Technologies, now recognizing the importance of handling of E-waste management to maintain clean environment by responsibly discarding recyclable E-waste time to time. Work together to form an eco-balancing environment in the campus.

NOW, THEREFORE, in consideration of the mutual promises made here in and of good and valuable consideration, the receipt and sufficiency of which both DRK Institute of Science & Technology and Shree Technologies, hereby acknowledges, DRK Institute of Science & Technology and Shree Technologies hereby agree to sign a memorandum of understanding (MOU).

### OBJECTIVES:

- ❖ To create an eco-friendly environment in the campus
- ❖ To utilize the E-waste at the optimum level and further to recycle at recycler end
- ❖ To exchange/dispose various type of electronic goods

**ALL LAPTOP & DESKTOP SPARES AVAILABLE.** Laptops, Desktops, Motherboards, Printers, LCD Monitors, UPS, HDD, SMPS, Data Recovery, AMO, Rental System & Networking

PRINCIPAL

DRK Institute of Science & Technology  
Bowrampet, Quthbullapur, Hyderabad-500 043.

## ACTIVITIES:

- E-waste Management: Electronic goods are put to optimum use; the minor repairs are set right by the Laboratory assistants and teaching staff; and the major repairs are handled by the Technical Assistant and are reused.
- The major E-waste such as return off instruments/equipment, CRT's, Printers, Computers are to sell.
- Electronic gadgets, circuits, kits have been return off on regular basis.
- The awareness programs have to be undertaken in the institution where the students are made aware of the E-waste management techniques.

## COMMENCEMENT AND TENURE

This memorandum of understanding (MOU), shall become effective on the date of signing for one year unless either side give the other written notice of its desire to revise or terminate the MOU at least three months prior to its termination.

## DURATION AND RECINDENCE OF MOU

The agreement shall come into effect on 17/06/2019. Changes to its agreement shall be made by mutual consent between both parties. In cases of disagreement, the parties wishing to depart from the agreement shall, wherever possible, give three months notice of its intention to do so. The agreement shall be reviewed after a period of one year.

## **Policy for Energy Utilization and Environment**

### **7.1.3(1)**

  
PRINCIPAL  
DRK Institute of Science & Technology  
Rowrampet, Outbhullapur, Hyderabad-500 043.

### Policy for Energy Utilization and Environment

The Environment and Energy utilization Policy of DRK Institute of Science and Technology, Hyderabad is to manage energy in such a systematic way so as to minimize its impact on the environment. The policy implies to explore the renewable energy resources to reduce the burden of the government and to find out substitute natural resources as solutions to the energy crisis.

This environment and energy policy is binding for all the components of the institution and applies to all its stakeholders and to the various activities undertaken by the institution. It will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage. The **Enviro Club**, an official platform devoted to the cause of environmental awareness, to undertake green initiatives, and to conduct green literacy programmes to save energy and to protect the environment.

#### **Policies:**

- To assess our energy usage and measure its impact on the environment.
- To count CO2 emissions generated by our means of transportations- vehicles.
- To reduce local air pollution emissions using environment-friendly vehicles, including bicycles, public transportation and use of pedestrian-friendly roads.
- To install photovoltaic solar panels for the generation of alternate energy. • To install LED bulbs in the complete campus to save energy.
- To develop systematic waste management mechanism.
- To develop rain water harvesting unit.
- To undertake tree plantation drive.
- To take additional measures to continuously improve our energy consumption.
- To develop and maintain an environmental management system which is ISO: 14001 and an Energy Management System based on ISO: 50001.
- To ensure the availability of necessary resources to achieve our objectives.
- To encourage use of advanced technology to minimize energy consumption, atmospheric emissions and noise, particularly from our vehicle fleets.

- To engage in dialogue with the government agencies, municipal corporation and the affiliating university and actively work with the local organizations in the areas of environment, energy efficiency and sustainable development.
- To monitor and respond to emerging environmental and energy issues. To strengthen our employees and students environmental knowledge and skills in order to improve our own environmental performance.
- To provide information and training opportunities on energy saving measures.
- To offer opportunities for employees and students to engage in initiatives those contribute to environmental protection.
- To train our employees and students through our **Enviro Club** to make them **Go Green Specialists** and partners to plant trees each year.

This policy will be communicated to the students and employees via internal communication channels, and will be made available to all the stakeholders on the institutional website. The Environment and Energy Policy, objectives and targets will be reviewed on a regular basis by the Enviro Club Convener and its members under the guidance of the Principal of the college.
